

**Color Code "BLUE"** is defined as the Normal Water Conservation Alert, Foothill Municipal Water District can meet all member agency demands. Standard water conservation applies as defined in Appendix G of the Rules and Regulations. [Click here for Appendix "G"](#)

**Color Code "GREEN"** is defined as an Increased Voluntary Conservation Alert, some supplies have been impacted and customers should increase efforts to conserve by following strict water conservation practices indoors and limiting outdoor water use to odd or even days, based on ending number of customer address.

**Color Code "YELLOW"** is defined as an Extraordinary Conservation Alert, Metropolitan Water District of Southern California is pulling water from most of its storage programs to meet demands. Extraordinary conservation is called for from customers. Customers are requested to minimize indoor water use and water outdoors no more than three (3) days per week. Outdoor irrigation will be permitted only on Tuesday, Thursday, and Saturday.

**Color Code "ORANGE"** is defined as a Rationing Conservation Alert, when Metropolitan Water District of Southern California has implemented its allocation plan to its member agencies. Customers are requested to minimize indoor water use and severely limit outdoor water use as follows:

- Residential and commercial landscape irrigation is limited to no more than two (2) days per week. Outdoor irrigation will be permitted only on Tuesday and Saturday.
- The filling, refilling or adding of water to indoor and outdoor pools, wading pools, or spas is prohibited.
- The uses of water to clean, maintain, fill, or refill decorative fountains or a similar structure is prohibited.
- Vehicle washing only at car wash with recirculating system.
- Fix leaks within 48 hours.

**Color Code "RED"** is defined as a Critical Water Conservation Alert, when water supplies are only available for health and safety needs. Customers are requested to minimize indoor water use and curtail all outdoor water use. Fix any leaks within 24 hours.

Notification of the Water Conservation Alert System status on any given day shall be visibly posted at the exterior of the District's Administration Office (2700 Foothill Blvd., La Crescenta) and other visible locations throughout the District service area where allowed. At least one direct mailing shall be made to all water customer accounts, with notification and

explanation of the alert system. Newspaper coverage will also be used to disseminate alert system status and water conservation updates. This is only a summary of the new ordinances that are now in effect. For detailed information, please visit our website, <http://www.cvwd.com/Water-Conservation-Water-Ordinance.aspx> (for list of all water ordinance documents).
